SEVERE FROST .-- On Saturday last the weather in this region became so chilly as to render fires necessary, and by Sunday morning everything out of doors was covered with frost. We have never known anything like it so late in the season. The gardens suffered severely, all the tender vegetables being killed. Corn fields also have a blighted appearance. We cannot learn that the wheat has suffered to any great extent, although some of our farmers say that the hail, joint worm and fly have left little wheat for the frost to injure. - Staunton Spectator.

RAILROAD ACCIDENT .- Yesterday morning, the mail train for Petersburg, which left the depot in this city, about half-past 4 o'clock, ran off the track, just after crossing the bridge over James river. Fortunately no person received any injury, but the locomotive "Mazeppa," tender, baggage-car, and servant's car were considerably damaged by the occurrence. The accident is ascribed to the malicious deplacement of a switch by some unknown miscreant.-Rich. Whig.

THE YOUNG MEN'S BIBLE SOCIETY OF AL-EXANDRIA.—The proposed reorganization of the Young Men's Bible Society of Alexandria has given rise to an examination of the records of this Society, and we find among those who were connected with its early organization the names of many who have since gone to reap the reward of their labors in another and a better world. This Society was organized in April, 1821. The records from that date to 1827 have been lost. From the sixth annual report we extract the fol-

lowing particulars: "The meeting was opened with religious exercises. The annual report was read by the Rev. Elias Harrison. Interesting ad-dresses were delivered by Revs. Wells Andrews, Samuel Cornelius, and others, and the following officers elected, viz: President-Rev. Wm. Jackson.

A. O. Douglass, R. Wilson, Dr. Wm. Har-

per, Thos. Davy, A. D. Harmon, T. Waugh, Hugh C. Smith, and N. R. Fitzhugh.' Nearly forty years have elapsed since this organized effort to circulate the Word of God was inaugurated, and most of those identified with the movement have "ceased stances of eccentricity on the part of juries from their labors;" but yet their works have

followed them, and to-day the fruits are seen and felt around us. It is to reorganize this Society that a call was made for a meeting at the rooms of the Young Men's Christian Association, and we trust that the friends of the cause will countenance and support this commendable enterprise. FESTIVAL .- The festival lately held by the

ladies of the Methodist Protestant Church, closed on Monday evening last, and we are pleased to learn that it was highly successful in every particular; and we are requested by the managers to return their grateful acknowledgments to the public, for the very liberal encouragement they received. Many pleasing incidents occurred during its progress, which will long linger in the memories of the participants, and indeed, this festival, both in its management and results, was among the best that has ever been held in our community.

Excersion .- An agreeable company of about two hundred persons attended the Excursion for the benefit of the Young Men's Christian Association, in the large and pleasant steamer Powhatan, on Tuesday evening. The beat left her wharf here at two 'clock, proceeded down the river about 35 miles, and returning stopped at Glymont, where the company spent an agreeable hour or more, and reached here at 10 o'clock, all expressing themselves delighted with the trip.

CUMBERLAND COAL-CHESAPEAKE AND OHIO CANAL.-The Report of the Cumberland Coal and Iron Company says:-"The consumption of semi-bituminous coal is rapidly increasing. It is found superior for stationary engines, and in locomotives it has no competitor. The several roads which a year ere experimenting, with a view to its use, have all adopted it. Its economy is now so well understood that it is useless to offer our customers a fresh article, in new and discuss that question. From the locomotive strong bagging. With reference to the interruption of navigation by the break at dam No. 4, on the Chesapeake and Ohio canal, the report says: "The directors of the canal company assure us that in the course of the summer the solid stone work shall be completed, which will remove the necessity of the use of any further temporary and uncertain expedients. When this is done, and the navigation heretofore often interrupted, is made permanent, we shall secure a great and permanent advantage in a reduction in the cost of transportation, which will be seen as an important item in the annual profits of the Com-

WASHINGTON POLICE MATTERS .- SHOOT-ING.-About 11 o'clock on Monday night, a band was employed in the Sixth Ward to serenade the successful candidates. As they BONE DUST, of best quality, in barrels SUP. PHOSPHATE OF LIME, were on their way to serenade Mr. F. Mc-Nerhany, the Alderman elect, passing the residence of Mrs. Bohlayer, shots were fired into the crowd. The followers of the band then began an attack with stones on the house. Several shots were then fired into the crowd by some one in the house, and three persons were slightly wounded, one in the neck, another in the thigh, and another in the waist. A man named S. L. O'Brien, who was seen coming from the house, was arrested by officer Arnold and taken to the lock-up house. On Tuesday morning he was held to bail for court. The general opinion seemed that the shots were fired by Christopher Bohlayer, who has not been arrested. The matter will be further investigated when the parties are all arrested, and the injured persons will be brought up as witnesses. There are two sides to this question, and on the one it is contended that the attack was made on the house before any shots.

FLED .- On Monday night, and until a late hour on Tuesday morning, the police were in search of Bub Eggleston, who had just been released from the county jail by pardon of the President. The charge against him is a serious assault and battery on two men, named Clancy and Feeney-very severely beating the former. After a long search, it was ascertained that he had departed for parts unknown, having successfully baffled the police, and left the city .- Wash, Star.

Washington Items .- A commitment was made last evening of a man named Thomas O'Donnell, who undertook to assault and beat Justice Curry in his own office at the Navy Yard. A watchman near by, hearing the noise, entered the office and found the fellow busily pummelling the helpless officer of the law. O'Donnell was soon secured, and put within the walls of the county prison for trial.

We doubt whether there has been any frost in this neighborhood.
